GUEST FACULTY

Gennaro CILIBERTO Istituto Nazionale Tumori IRCCS “Fondazione G. Pascale”, Naples	Gabriele CRUCIANI Chemistry Department, University of Perugia
Raffaele DE FRANCESCO Istituto Nazionale di Genetica Molecolare (INGM), Milan	Ruggero DE MARIA Istituto Nazionale Tumori Regina Elena IRCCS, Rome
Henry J. FORMAN School of Gerontology, University of Southern California, Los Angeles, USA	David JANS Department of Biochemistry & Molecular Biology, Monash University, Clayton (Victoria) Australia
Massimo LEVRERO Department of Internal Medicine and Medical Specialties, Sapienza - University of Rome	

AIMS

1. To present and discuss the DMM areas of investigation in the context of biomedical and translational research programmes that are currently among the most attractive subjects of international research calls.
2. To debate scientific results and achievements with well renown scientists invited to be part of an external peer-review panel of DMM research activities.
3. To disseminate knowledge and implementing culture in relevant sectors of Molecular Medicine and Applied Medical Sciences creating a forum for discussion that involves young and senior scientists, professionals and officers that are active in the fields of Molecular and Cell Biology, Biochemistry, Microbiology and Infectious Diseases, Clinical Medicine, Public Health.
